Local foot traffic: low

## College Second-Floor Hallway

Local foot traffic: medium

# COLLEGE

## College Atrium Digital Display

Accepted photos, digital illustrations, and videos will be displayed on a digital screen at the College as part of a looping deck of informational slides and other visual media.

Files must have a 16:9 aspect ratio; videos must not exceed 2 minutes.

Because the east atrium screen does not produce sound, your video should be visually entertaining/legible. An adjacent QR code can direct viewers to the complete video on a YouTube channel, barring any music copyright restrictions.

# Residence

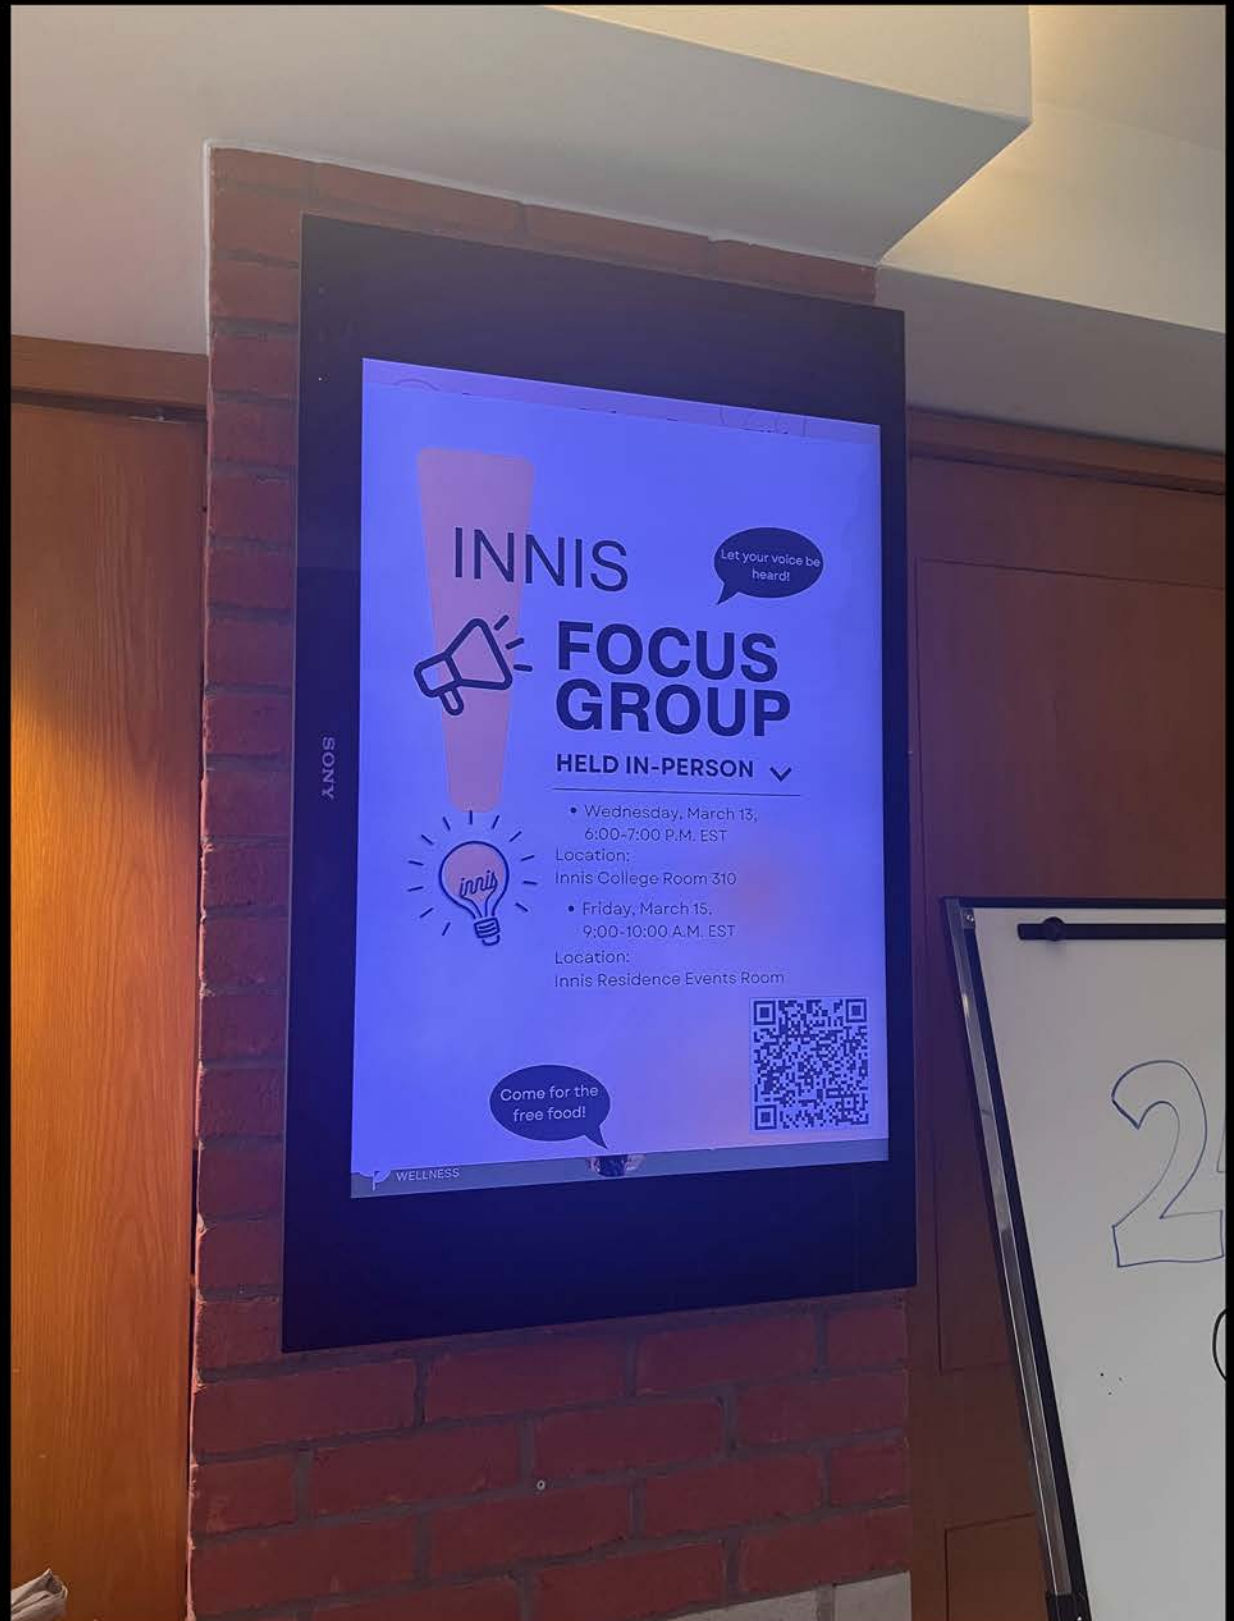

## Lobby

## Digital Display

Accepted photos, digital illustrations, and videos will be displayed on a digital screen at the residence as part of a looping deck of informational slides and other visual media.

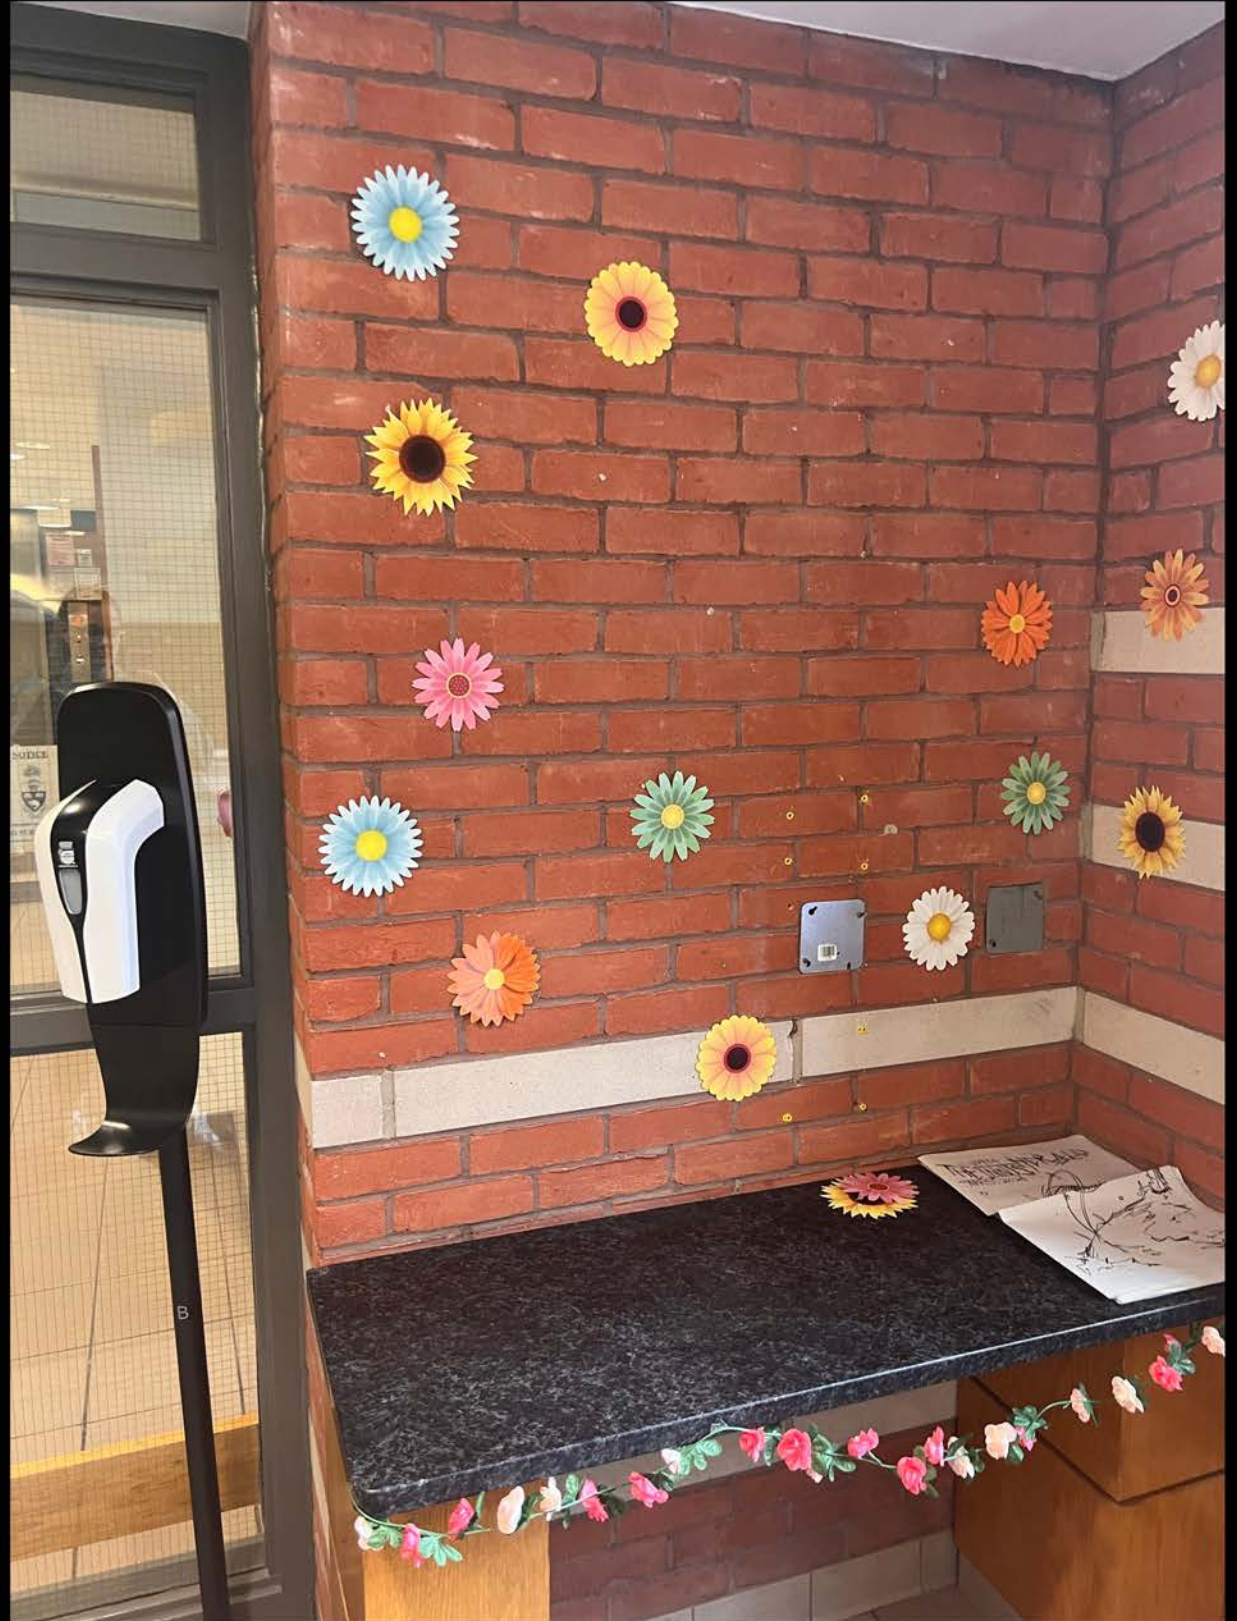

Files must have a 9:16 aspect ratio; videos must not exceed 2 minutes.

Because the east atrium screen does not produce sound, your video should be visually entertaining/legible. An adjacent QR code can direct viewers to the complete video on a YouTube channel, barring any music copyright restrictions.
